

THOMAS DELHEY – ATTORNEY AT LAW

LEGAL ADVICE - LEGAL REPRESENTATION

Certificate of Authenticity

Hereby, I confirm that the two hand-cut stones, together with which the 3D collector's copy of the V1 is supplied in the high-quality glass block, are processed original bricks from the buildings and remains of the buildings, in which, until the end of World War II, in Neu Tramm the final assembly of the V1 has been carried out.

The final assembly of the V1 in Neu Tramm is historically unequivocally proven and respective information is available on the Internet.

This confirmation is based on personal site visits that I made in the months of September and October 2018 in Neu Tramm and the extensive documents submitted to me on this occasion.

Seevetal, 18th October 2018.
